## Section-I

### DETAILED NOTICE INVITING TENDER

- 1.0 **Introduction:** Government of ODISHA proposes to build number of schemes of barrages/weirs/major check dams across various rivers and major tributaries depending on the terrain in a period of next five years to enhance in stream storage for the water conservation for improving drinking water supply, augment flow & lift irrigation, water supply for industrial & commercial establishments and maintain minimum environmental flow requirements in different river basins of the state.
- 1.1 **The basic project profile based on the preliminary planning is furnished in Appendix BPP.** The salient features provided in Appendix BPP are tentative except the 100 year flood, 500 year flood and the pond level. The available hydrological data and preliminary survey data of the site is appended. The pond level of the barrage is fixed to harness the potential fully with no submergence and minimum land acquisition. The bidder is to design all components considering the 100 year and 500 year return period flood and the Pond Level given in the Appendix BPP. These three parameters are binding on the bidder and cannot be changed.
- 1.2 The main components of this Barrage will be a) Barrage including energy dissipation arrangement, piers and abutment with guide wall (b) Scouring Sluices on both sides including Sluice Gates with manually operated (c) Gates on Barrage way portion(d) afflux bund and bank protection work of the river in the upstream up to end of ponding (e) Electrical connectivity to the barrage site from the nearest 11KV structure with 11/0.43KV substation at Barrage site with associated cable lines and facilities for hoist operation and lighting of sites. (f) A double storied building for watchman & operator shed at the barrage site with 650 sq.ft of temporary shed, 440 sq.ft of watchman shed and 1500 sq.ft for accommodation of workcharged staff including electric, water supply with built up area with boundary wall. (g) Approach Road to the barrage from the nearest connectivity and (h) other ancillary works.
