- a. The manufacturer/ dealer should furnish ISO CERTIFICATE of the OEM (Original Equipment Manufacturer) regarding Design, manufacture, marketing of Instruments and its associated equipment.
- b. The bidder must have supplied and commissioned at least one module for the same application to any ICAR/SAU/ICRISAT/Government Organization of National or State within the last 5 years. At least one of the aforesaid machine and equipment must have completed minimum two (2) years of service satisfactorily. Documentary evidence in favour of the same is to be submitted.

8. NO CLAIM COMPENSATION FOR SUBMISSION OF TENDER.

No tender shall be entitled to claim any costs charges, expenses of incidental to or incurred by him through in connection of this tender even though the Seed Certification Officer, State Seed Testing Laboratory, Bhubaneswar may elect to withdraw the invitation to tender without notice and assigning any reason.

9. INSTRUCTION TO TENDERERS

Submission of documents / particulars etc.

1. All information in the tender shall be in English. Information in other languages shall be accompanied by translation in English. Failure to comply with this may lead to rejection of the tender.
2. The tender form shall be filled in clearly typed/written in Block capitals. No tender filled in otherwise shall be considered.
3. While filling up the tender form the tenderer shall not erase or overwrite. Any correction of the tender form shall be made clearly and fully signed by the tenderer, otherwise the tender shall be liable to rejection.

4. The rate should be offered for the unit as specified in the tender schedule, it shall be quoted in Indian currency both in figures and words. The rate shall be inclusive of charges for container, packing etc.
5. One rate shall be offered for one item. Submission of multiple rates against one item will be considered a demerit. In case those are really different qualities on brand to be offered against one item and all of them at the minimum confirmed to the standard and specifications of the required items more than one rate can be considered. But it is necessary that in such specific Brand , make and model etc shall be clearly mentioned.
6. The tender offered by a Manufacturer of the articles must furnish requisite documentary evidence to the satisfaction of the Seed Certification Officer, State Seed Testing Laboratory, Bhubaneswar that he is manufacturing those articles. Failure to adhere to the instruction stipulated in Para 5 and 6 the authority is at discretion to retain only the lowest rate if more than two rates offered against any items.
7. Tenderer having place of business inside the State of Odisha shall quote the basic rate for sale of the articles which shall be inclusive of all taxes i.e. GST. The tenderer must deliver / install the goods at the concerned Go-down of the consignee free of all expenses. Tenderer having place of business outside the State of Odisha shall quote the basic rate for sale of the articles which shall inclusive all taxes GST, applicable at the F-O-R destination.
8. Offers stating that surcharges or additional expenses (of any firm) will be charged extra over the basic rate shall be summarily rejected.
9. The tenderer must indicate the detail specification of articles, failing which the tender will not be taken into consideration.
- 10. The tenderer must give annual service guarantee of the articles free of cost.**
11. Like the rate and quality of the items the delivery period is also an important factor, which is to be taken into consideration at the time of selection. . Tenderers are therefore required to give their positive delivery schedule along with the tender.

12. The tenderer must calculate highest tender value against each item basing on which earnest money shall be deposited. The earnest money shall not on any account, less than the amount required.
13. Any tender containing clerical or authentic mistakes (s) will be rejected.
14. The tenderer or principal manufacturer should have necessarily DSIR recognised in house R & D centre. The DSIR recognition certificate should be attached to the tender else tender will be rejected.
15. Manufacturer shall have ISO certification from reputed organisation which are registered with NABCB (National Accrediation Board for Certification Bodies).
16. The supply of all the machines necessarily by manufacturer of all these machinery or authorised dealer and his principal manufacture company has to quote on turnkey basis as per tender else tender will be rejected the manufacturing company should have turning and moulding machinery for precision in fabrication of machinery.
17. Each page of the tender documents shall be signed by the tenderer with his usual signature with their quotations; the tenderer shall sign the invitation to the tender, instruction to the tenderer, tender form, conditions of contract and annexure etc. in token of acceptance thereof. The signature on the tender form shall be deemed to be acceptance of rates specifications, terms and conditions stipulated in the invitation to the tender , instruction to the tender form, conditions of contract tender schedule and annexure etc. forming part of the tender documents.
18. Signature of Tenderer shall be attested by two responsible individuals at page-11 & 12 of the tender form will address in English. All signatures shall be dated.

The last date and time of receipt of tender and the date and time of opening of tender are mentioned below.

<u>Schedule Item</u>	<u>Last date and time of receipt</u>	<u>Date and time of opening.</u>
As per annexure-A	(20/03/2022 till 1 PM	(20/03/2022 at 3 PM

19. Tenders will be opened on the date and time as mentioned above at the office of the Seed Certification Officer, State Seed Testing Laboratory,

Bhubaneswar in presence of the tenderers or their authorized representatives. If last date is declared holiday by Govt. of Odisha , the last date and time for submission and opening of tender shall respectively by time as aforesaid on the next working day.

20. The tender received beyond the due date and time will be liable for rejection.

The tenderer shall quote firm rate which shall remain valid up to **12 months from date of acceptance on the finalisation of tender** and shall not be subject to any revision for any reason what so ever. Tender containing stipulations is to variations in price may be rejected. Once the tender is accepted the rate shall remain valid till the supply is complete.

21. The Seed Certification Officer, State Seed Testing Laboratory, Bhubaneswar reserves the right to negotiate with any tenderer after opening of Tender. Non compliance by the tenderers to such request for negotiations shall render his/their tender(s) liable to rejection.

- i. No submission of documents/ particulars tenderers not giving full particulars / not complying with any requirements as mentioned in above paras shall be considered as incomplete and liable for summerarily rejected.
- ii. Any tender containing false information / particulars shall liable to be rejected and tenderer found guilty of furnishing false information or particulars shall be debarred from any future dealing with the Seed Certification Officer, State Seed Testing Laboratory, Bhubaneswar.

22. Canvassing in any form is strictly prohibited and the tender (s) submitted by tenderer (s) to report to canvassing will be liable for rejection.

10. **DESPATCH CLAUSE:** The Inspection and Tests prior to despatch of equipments and at final acceptance are as follows: After the goods are manufactured and assembled, inspection and testing of the goods/machines shall be carried out at the supplier's plant prior to shipment. The CERTIFICATES of INSPECTION should be sent to us to check whether the goods/machines are in conformity with the technical specifications. We reserve to right to reject or accept based on the certificate.

11. DISCOUNT: Our institution is a pioneer institution in the field of service to the farmers in the field of Agriculture and not run with the motive of making profit. As such, we are availing price discount for purchase of equipments/instruments. The rate of discount on each equipment/instruments may also be indicated in the tender specifically.

12. SUPPLY:

- a) The materials indented would be delivered by the supplier to the **State Seed Testing Laboratory, Samantarapur BBSR, Odisha and will be installed at Seed Testing Laboratory, Rangeilunda, Berhampur.** The equipment/item should confirm to the latest relevant, National/International standards and shall be complete in all respect. Any components, fitting, etc. which may not have been specifically mentioned in the specifications but which are usual and necessary in the equipment shall be supplied by the tenderer at no extra cost.
- b) The cost of article damaged in transit or found short at the time of delivery will be deducted from the bill of the firm, in case the firm does not replace the stock within a week from the date of receipt of the complaint.
- c) In case any firm supplies goods of inferior quality which is not in conformity with the approved specifications, the entire stocks supplied by the firm will be rejected and the purchaser will not be responsible for any loss sustained by the tenderer on that account.
- d) The articles against all the indents placed by the indenting officer must be supplied in one lot within 60 days from the issue of the indent failing which the earnest money deposit will be forfeited and the purchase will be cancelled.
- e) Conditional offers and offers qualified by such vague and indefinite expression as "Subject to immediate acceptance", "Subject to prior sale" will not be considered.
- f) The supplier shall be responsible for releasing the equipment/item from carriers/transporters. The equipment/item shall be delivered and installed at the site by the supplier.
- g) The prices are for destination basis including packing, forwarding, freight, insurance etc.

13. AFTER SALES SERVICE: The manufacturer or their authorized dealer (with written permission from the manufacturer) should also sign an agreement with the ordering official in Rs.100.00 court stamp paper in presence of Magistrate/ Notary regarding after sales conditions like on-site repair services as and when required, at the time of supply, else payment shall be held up till such agreement is signed and the cost involved shall be borne by the manufacturer or supplier. The details of the agreement shall be supplied along with the Tender document.

14. WARRANTY: The equipment/items being purchased are expected to be used continuously. The reliability and safety of the total installed system and trouble free operation are therefore, of prime importance. The supplied devices/ equipment and components shall be covered under three year comprehensive on-site warranty from the date of successful demonstration at site. This should be taken into consideration while quoting the price. If the bid is submitted by an authorized dealer/ agent, then he should submit authorization certificate and also manufacturer's confirmation of extending the required 3 years warranty and after sales support thereafter. During warranty period, it shall be the responsibility of the bidder to provide all essential spares, which may be required for maintenance and trouble free operation of the devices/ components at the suppliers cost. In case the bidder fails to discharge the obligations during the warranty period, the manufacturer shall be held responsible. This should be clearly mentioned in the authorization letter of the manufacturer.

15. ANNUAL MAINTAINANCE CONTRACT: The period of warranty is to be calculated from the date of successful installation/ demonstration at sight **and handing over the same in running condition**. The bidder shall be under the obligation to enter into an Annual Maintenance Contract (AMC) with respective indenters for a minimum further period of two years, renewable if felt necessary, on mutually acceptable rate, terms and conditions after the completion of warranty period of two years. The scope of AMC shall cover maintenance of materials and components (spare parts/ accessories and labour) for smooth and

reliable operation. Accordingly, the bidder has to offer rates for the AMC structure year wise in a separate sheet.

16. TRAINING : Both onsite and offsite training to be provided up to the satisfaction of the user/ users and all the cost involved shall be borne by the supplier.

17. PAYMENTS: Full payment of contract price/billing price shall be made on receipt of the equipment/items at site subject to verification, installation, demonstration and satisfactory functioning at the place of indent.

18. POWER OF EXEMPTION

Observance of above instructions on the part of the tenderer is strictly obligatory. However, the Seed Certification Officer, State Seed Testing Laboratory, Bhubaneswar may in any exceptional cases exempt a particular tenderer from observing once or more the instructions/ or stipulations on the recommendations of the Purchase Committee.

- 1 Vender should quote the price, which should include all charges like transportation , insurance charges. Entry Tax. Packing and forwarding etc.
- 2 Vender to specify clearly GST separately but the sale price should be inclusive all taxes.
- 3 Vender to provide installation, commissioning, demonstration and technical support, free of cost.

ANNEXURE-A

Technical Specifications for Walk- in- germination chambers (20°C & 30°C), Seed Testing Laboratory, Brahmapur

1. Proposed Room Size :- size=10' L x 10' B x 10.5' H to be provided by the customer
2. No. of Rooms :- 02(two)
3. Installation Site :- Seed Testing Laboratory, Rangeilunda, Brahmapur
4. Product to be tested :- Seeds
5. Door Insulation :- The insulated Door (2mx1m) 50mm thick consist 16Gauge Stainless steel sheet on MS framework filling, 63mm, puff having 42kg/m³, density inside the cavity including 50mm ISMC, CHOKAT, with 3mm thick rubber sheet. The same are completed with heavy Hinges, handle including metal primer, magnetic door closure and locking system, human trap alarm, Air lock type.
6. Insulations of Wall :- Bitumen coat over plastered masonry or RCC. Polythene sheet (500 micron). Providing &fixing 24 G .G.I. Channel at 1 m x 0.5 m distance to make a grid.63mm (both side anti corrosive, humidity resistant, Powder coated galvanized sheets duly pre-heated with primers), rust and termite proofing Providing &fixing 63mm puff having 42kg/m³ density with proper cam locking , sealing and flashing arrangements. Inner chamber is made of heavy gauge GI/Stainless steel of SS-304 grade. Gap is filled with high grade mineral glass wool/ puff insulated material.
7. Ambient temp. for design of refrigeration system :- +45⁰C
8. Room Temp. Range :- +15⁰C to +45⁰C±1⁰C
9. Relative Humidity(%) :-R.H. range should be between 70 to 90%±5%.Humidity should be made by humidifier evaporator
10. Cooling unit :- ISI marked high and high capacity low temperature Hermetic. The compressors are mounted on anti-vibration pads. Eco-friendly Non-CFC refrigerant R-404a Air-cooled Condenser driven by co-axial fan designed for tropical Climate. Heat exchanger coils are inner grooved copper tubes and finned for maximum heat transfer.
11. Heating unit :-Stainless steel tubular heater with air circulating fan. Indirect heating system stainless steel sheathed air heaters of suitable wattage. Heater will be placed in the conditioning plenum so that no direct radiation from the heaters onto test

- Specimen.
12. Humidifier :-Rotating disc-splash blade type portable Humidifiers Dia 420mm Height 350mm
 13. Control Pannels :- Micro controller based separate control unit for light, Temperature and relative humidity indicator controller will be provided outside the room.
 14. Pannel Size :-58cmx38cmx15cm approx.
 15. Panel switches :-Large 2cm dia switches with silver plated contacts
 16. Programming :-User friendly programming for temperature, humidity and light level with time step.
 17. Programme Lock :-Physical key type
 18. Disply :-16x2 Line Alphanumeric LCD Display
 19. Data Logging Readings:-Data logging Facility for at least 15 days on hourly basis
 20. Watch Dog Timer :-The watch dog timer prevents the system to latch at one position in case of electrical surge in power supply .
 21. Alarm :- Audio –visual alarm for temperature and humidity deviation.
 22. Open Door Alarm :-Audio-visual alarm if door is open for more than 5-6secs.
 23. Door Counter :-Counter to no. of times the door is opened.
 24. Connectivity :-RS485 port for connectivity upto 500mtrs. and Bluetooth Data transfer to smart phone and PC
 25. Light Arrangement :-Three numbers of florescent tube light shoud be fitted below each shelf of the racks.
 26. Racks :- Rust proof Stainless steel racks(304 grade) with four numbers of adjustable working illuminated germination racks per room with dimension 3'x1.5'x6.5'' with five nos. of shelves.

Provision

1. Magnetic door closer made of mild steel sheet lined with GI/Stainless steel from inside
2. Lock and Key arrangement
3. Series of Air- Circulation fans
4. Exterior surface high wear and tear resistance

Additional Features

1. Electrical installation should be moisture resistant with proper earthing.
2. There should be proper drainage system
3. Wall should be coated / glazed to resist washing/wiping during cleaning.
4. Temperature and humidity should be maintained uniformly throughout the chamber

Warranty

At least three years maintenance with warranty to be ensured. In case of failure of cooling system and rise in room temperature, there should be auto cut off system with alarm to avoid damage of sample due to high temperature.
