Tittle of the Scheme	Mo Jungle Jami Yojana		
Project Duration	12 Months		
No. of Personnel	1		
Position Title	Programme Coordinator – 01		

Background:

The Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act,2006 in short, Forest RightsAct, 2006(FRA) is a landmark legislation to address the historical injustice done to the forest dwelling communities and an attempt to recognize and record their existing rights on the forest land. The legislative intent which underlies the FRA, is stated clearly in its Preamble, "to recognize and vest the forest rights and occupation in forest land in forest dwelling Scheduled Tribes and other traditional forest dwellers who have been residing in such forests for generations, but whose rights could not be recorded". The forest rights law attempts not only to right the historic wrong but also empowers right holding communities to "protect, conserve, regenerate or manage" their community forest resources for sustainable use. In this Act, the recognized rights of forest dwelling scheduled tribes and other traditional forest dwellers also include responsibilities for sustainable use, conservation of biodiversity and maintenance of ecological balance for strengthening the conservation regime of the forests while ensuring livelihood and forest security for the forest dwelling scheduled tribes and other traditional forest dwellers

The FRA recognizes and vests rights over forest land and community forest resources with an aim to ensure livelihoods and food security of the Scheduled Tribes and Other Traditional Forest Dwellers. The impact of proper implementation of FRA, both its individual and community rights, have been shown to have a transformative impact on the livelihoods and welfare of Scheduled Tribes and OTFDs, while also contributing to conservation, forest restoration and climate mitigation.

As of February 2023, forest right titles have been awarded to about 4.55 lakh households which can be termed as the largest land reform strategy in the post-independence era. Given this potential, Government of Odisha has prioritized the effective implementation of the Forest Rights Act and Odisha is one of the leading States in implementation of FRA in India. Odisha has distributed highest numbers of individual forest right (IFR) titles in the country as of now. The progress in terms of recognition of community rights (CR), Community Forest Resource (CFR) Rights and in conversion of un- surveyed habitations, forest villages to revenue villages is yet to achieve its potential. Where rights have already been recognized, there are gaps in correction of records for the titles distributed as well as convergence with other schemes and programs of the Government with the right holders needs to be expedited. Therefore, in consistence with the objectives of providing economic and livelihood sustainability for the tribal and other forest dependent communities through recognition of rights over their resources, ST and SC Development Department has mandated to implement the scheme titled "Mo Jungle Jami Yojana" to achieve the rights recognition process under FRA in a saturation mode.

- Recognition & vesting of Individual Forest Rights to all eligible claimants
- Recognition & vesting of Community Rights to all potential villages (both CR & CFR)
- Completion of Physical Demarcation, Correction of RoRs& issuance of RoRs to all title holders/Gram Sabhas
- Convergence of different govt. programs/schemes covering all title holders
- Completion of Habitat Rights Recognition process
- All un-surveyed / forest villages converted into revenue village (including habitations in forestland where communities have been relocated)
